THE LITTLE CHURCH ROUND THE CORNER.

BY TUDOR MORTON.

It was thought of old, when a man was cold, And dressed for his last long journey, A person should come to direct him home By clerical power of attorney; But one man of grace from a holy (7) place, Could not condense his breath to expand Over the corpse of a dead play-actor. How could he have read all his Master said, And turned from a sorrowing mourner, With, "not in our way," perhaps it was pay. The little church round the corner.

It is always in our power to make a friend by smiles; what a folly then to make an enemy by frowns.

The belts of the famous grain elevators in Detroit are each 240 feet long by 30 inches wide, and cost \$500 apiece. It took the hides of 1,200 cattle to make the set.

The combined capital of all the banking houses of the Rothschilds in London, Paris, Frankfurt and Vienna is said to be, in our money, not less than \$500,000,000.

THE Nevada Transcript says that to eleven o'clock Saturday 21.54 in. of rain had fallen in that locality present season. The total last year the same time was 37.35 inches.

THE denial of the Sacramento Reporter that it is owned or controlled in any way by the Central Pacific Railroad Company, reminds us of the counsel of Peter, who denied his Master three times.

It is stated that there are now over three hundred graduates of the medical colleges in active practice in the United States, some of whom are in receipt of \$10,000 per annum from their profession.

THE strongest vegetable fibre known is the New Zealand flax. It has long, sword-like leaves, ten or twelve feet in length. It is used by the settlers for binding their sheaves, fastening their gates, tying up their horses, and in almost every possible way.

It has been ascertained that the Crimean war cost \$340,000,000, the American civil war \$1,800,000,000, the Italian war \$60,000,000. The loss of life has been estimated, in all these wars together, amounted to 1,700,000 men.

THE borax deposits in Nevada are attracting considerable attention. We see it stated that they are thickly distributed over an area of 100,000 acres; also that a New York house is about to erect works, under lease, on one of the deposits, and agents from London are coming in the Spring for exploration.

SPERM oil now brings so small a price that it does not pay to go whaling, and many Providence vessels have been drawn from the business, while those of Newburyport have relinquished it altogether. THROUGH the efforts of T. H. Goodman, General Passenger Agent of the Central Pacific Railroad, the rates of passage by emigrant cars, from Omaha to California, has been reduced from \$72 to \$50 in currency. THE Episcopalians are erecting a beautiful church in Salt Lake City, from funds, it is believed, furnished principally by Christians in New York and Brooklyn. The dissenters from Brigham Young are also building a fine lecture hall, and a block of the new church. The Methodists are trying to purchase land for the same purpose.

THE Chico Enterprise gives encouraging accounts of crop prospects in that neighborhood. It says that the grain is now up and looking most promising. Notwithstanding the complaint from every quarter of drought, there has never been a more favorable season for farming in the history of this section, and if we shall pass the Spring with equal showers to those of the previous part of the season, we shall have crops that will far exceed any former year.

THE California Pacific Railroad Company are facing their track on the whole line of the road. The occasion of this work, says the Marysville Appeal, is in the recent decision of the Supreme Court, which holds substantially that railroad companies are responsible in damages for cattle that may be killed by straying on the track, unless it has been fenced in, and they have taken every precaution in that manner to prevent them from doing so.

MINNESOTA papers tell a story of a little girl and boy who wandered away from the house of their father in Morrison county in that State, and subsequently were found by the Indians dead. The boy lay on his back, having apparently died without much suffering. The girl had taken her hands from her ears, and wrapping them with a lock of her hair in a small piece of cloth, put the little parcel in her pocket, and then laid down and died from cold and exposure.

OUR DRUG BUSINESS is located in San Francisco, Cal. We are the oldest Drug Firm on the Pacific Coast, and the only one of our kind and of the same proprietors since 1840, and have determined to sell our large, prosperous, and well established business on favorable terms.

This is a rare opportunity for men with means of entering into a profitable business with advantages never before offered.

For particulars, call on R. H. McDONALD & CO., J. C. SPOONER, San Francisco.

and sweetened to please the taste, called "Tonic," "Appetizer," "Restorative," etc., but the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE of the human system, and are the only medicine, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take this medicine and not feel its effects. It is a perfect Restorative and Tonic, and is the only medicine, carrying off all poisonous matter and restoring the blood to a healthy condition.

For Infants and Children, and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Biliousness, Constipation and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Each Disease is caused by Vicious Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION. Headache, Pain in the Shoulders, Cough, Tightness of the Chest, Bloating, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bitterness of the Tongue, Pain in the Region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia.

They purify the Blood and stimulate the torpid liver and bowels, which render them unequalled in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES. Eruptions, Tetter, Salt Rheum, Bores, Pimples, Pustules, Itch, Carbuncles, Ring Worms, Scald Head, Sore Eyes, Eruptions, Itch, Scars, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleaves the Vicious Blood when ever you find its impurities bursting through the skin in Pimples, Bores, or Sores; cleanses it when you find it obstructed and sluggish in the veins; cleanses it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE and other WORMS, lurking in the system of so many thousands, are effectively destroyed and removed. For full directions, read carefully the circular around each bottle.
